WILDWOOD

The Ultimate Kitchen

T27RKSS

Interior Fabrics May Vary.
Families can really appreciate the value of camping in the 27RKSS with the huge window and recliner chairs, lots of space, and tons of storage. This model is loaded with practical, value-added features which makes enjoying your camping trip easy.

**TOWABLE COMFORT FOR YOUR FAMILY**
Wildwood provides spacious, convenient floorplans, even when you need light-weight towability for any size family!

**THE OUTSIDE KITCHEN**
The ever-popular outside kitchen provides fireside access to refreshments and a second cooking area outdoors.

**SPACIOUS BEDROOMS**
All Wildwood floorplans offer full walk around RV Queen beds and double mirrored wardrobes. With storage underneath the bed, there is plenty of room for all your camping needs.

**EXCELLENT CRAFTSMANSHIP**
Our skilled craftsmen have years of experience building beautifully finished RVs. Forest River, started building RVs in 1996 and today is the number one producer of travel trailers in the world.* Wildwood has been part of that since the beginning.

**Specification Definitions**

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

**UVW (Unloaded Vehicle Weight)*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit’s axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)**** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment**

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
